Office Assistant

Kristy Zajac  
Conservation  
Specialist

Kurt Mathiowetz  
Water Quality  
Technician

Brian Pfarr  
Resource  
Specialist

February 20, 2017

### Middle Minnesota Watershed Residence:

Our office is offering cost share and incentive funds for owners and operators in the Middle Minnesota Watershed. This is an opportunity for producers to implement erosion control practices.

See the attached sheet for a list of the practices that can be funded in the Middle Minnesota Watershed. Due to the limited amount of available funds we have prioritized four practices for funding. Interested producers need to complete an application by April 10, 2017, at which time unused funds will be diverted elsewhere.

We have also enclosed a map of the Middle Minnesota Watershed so you know what part of the county is eligible for implementation of these funds. The majority of your field must be within the watershed.

If you are interested in any of these practices on the enclosed sheet, please call or stop into the Redwood Soil & Water District office and talk to either Brian Pfarr or Kurt Mathiowetz.

Sincerely,

Redwood County Conservation Team
